Her interaction with environments boasts symmetry and synchronisation, emulating designs found within nature. She expresses, “Clarity of purpose and simplicity are the essence of design. I design to accentuate the natural qualities of a space, amplifying its particular beauty through seamless functionality and unique form.” Taking her creativity to the world, she leads her eponymous Delhi-based studio, Aparna Kaushik Design Group. With an unmatched eye for comprehensive design and build services, she masters the seamless execution of luxurious interiors—furniture, lighting, product design and landscaping.
